Sir,

Subject.- Helping the Handloom Industry - Exemption from payment of Octroi Duty

***

I have the honour to state that though the Department is sparing no efforts to improve the handloom weaving industry by the introduction of improved appliances, designs and conducting demonstrations in important Weaving Centres, the Handloom Weaving Industry is still suffering from several kinds of handicaps on account of which the industry has not been able to stand on its own legs The Handloom Weaving Industry has to face severe competition from the Powerloom Factories and the Mills, working both within and outside the State The demand for the traditional types of handloom products has also been diminishing owing to the change of fashion and taste

I have therefore been working at a proposal to organise the handloom weaving industry in the State on the lines of the Bihar Cottage Industries Institute providing for the supply of raw materials at cheap rates, furnishing new designs and arranging for the marketing of the fabrics through the Department and proposals will separately be submitted to Government in this connection.

In the meanwhile, one practical way of helping the Handloom Weaving Industry in the State is by exempting the handmade fabrics

fabrics from payment of octroi duty in all the Municipalities within the State. This will give considerable fillip to the Industry and enable them to face the competition from the loom owners and the mills to a considerable extent.

I may mention in this connection that Government have already granted this concession to kamblis manufactured in the State vide Section 91 of the Mysore Municipal Manual Part II Accounts. What is now recommended is only the extension of this concession to all handloom made articles in the State whether Cotton, Silk or Wool. I very strongly recommend this suggestion for the sympathetic consideration of Government in the interests of the age-long cottage industry which without such encouragement may rapidly further deteriorate and may even go out of existence.

If my recommendation is approved, I shall take further action to restrict this concession to local products only by arranging through the Weaving Demonstration Section of this Department for certification of local products.

I request you to be so good as to obtain early orders of Government in the matter and communicate the same to me.

I have the honour to be,

Sir,

Your most obedient servant,

DIRECTOR.

I have the honour to invite a kind reference to my letter of even number dated 10th March 1939 on the above subject and to state that the question of the desirability of granting exemption from payment of octroi duty on handloom products in all the Municipalities in the State was discussed at the meeting with the Dewan and the First Member of Council on the 23rd March 1939, when it was decided that this subject be examined in the Local Self-Government Secretariat.

I request that, as the handloom industry is passing through hard times and is urgently in need of the assistance recommended in my letter referred to above, the question may kindly be caused to be examined early and orders passed.
